October 2019

Dear Parent/Carers,

Thank you to the vast majority of you who follow the highway code and drive and park appropriately around the academy site. Unfortunately, we are currently receiving complaints regarding how parents drive to and from the academy and issues are arising such as:

- Parking inappropriately
- Driving too fast
- Driving without due care and attention
- Double parking
- Beckoning children across busy roads, away from crossing points

Whilst I understand that the current water works in Claypit Lane is making a change of route necessary for some, can I please ask you to reflect on your driving practice to ensure the safety of all of our students? Of course, if you are a local resident, I would suggest that children may choose to walk to and from school, which I am sure we would all appreciate as it is both encouraging healthy lifestyles and better for the environment.

Thank you for your continued support.

Yours sincerely,

Mr A Price
Principal
