 - fairly and lawfully processed
 - processed for limited, specifically stated purposes only
 - used in a way that is adequate, relevant and not excessive
 - accurate and up to date
 - kept on file for no longer than is necessary
 - processed in line with an individual's legal rights
 - kept securely
 - adequately protected if transferred to other countries.
- The Data Controller/Designated Safeguarding Lead (DSL) and/or Senior Leadership Team (SLT) is responsible for ensuring the acceptable, safe use and storage of all camera technology and images within the academy. This includes the management, implementation, monitoring and review of the academy Image Use Policy.
- Written permission from parents or carers will be obtained before images/videos of children are electronically published by the academy.
- Written parental consent will be sought to take and use photographs off-site for professional, marketing and training purposes. This may be in addition to parental permission sought for on-site images.
- Written consent from parents will be kept by the academy where children's images are used for publicity purposes (such as brochures or publications), until the image is no longer in use.
- Parental permission will be sought on an agreed basis (*upon admission to the academy*).
- A record of all consent details will be kept securely on file. Should permission be withdrawn by parents/carers at any time, then all relevant images will be removed and disposed of and the record will be updated accordingly.
- Images will not be kept for longer than is to be considered necessary. A designated member of staff (the Designated Safeguarding Lead) will *ensure that all photographs are permanently wiped from memory cards*, computer hard and portable drives or other relevant devices once the images will no longer be of use.
- All images will remain on site at all times, unless prior explicit consent has been given by both Data Controller/DSL and the parent or carer of any child or young person captured in any photograph. Should permission be given to take images off site, all relevant details are to be recorded, for example who, what, when and why and data will be kept securely (e.g. with appropriate encryption).
- The Data Controller and/or DSL reserve the right to view any images taken and/or to withdraw or modify a member of staffs' authorisation to take or make images at any time.
- Any memory stick, CD or storage device containing images of children to be taken offsite for further work will be suitably encrypted and will be logged in and out by the Data Controller and/or DSL and monitored to ensure it is returned within the expected time scale.
- Images or videos that include children will be selected carefully when used online and will not provide material that could be reused.
- Children's full names will not be used on the website in association with photographs.
- The academy will not include any personal addresses, emails, telephone numbers, fax numbers on video, on the website, in a prospectus or in other printed publications.
- The academy will only use images of children who are suitably dressed.
- Children's work will only be published with their permission or their parent's consent.

- Staff will receive information regarding the safe and appropriate use of images as part of their safeguarding training and responsibilities.
- All members of staff (including volunteers) will ensure that all images are available for scrutiny and will be able to justify any images in their possession.
- Only official academy owned equipment (e.g. work provided digital or video cameras) will be used by staff to capture images of children for official purposes. Use of personal cameras by staff is prohibited at all times.
- Any apps, websites or third party companies used to share, host or access children's images will be risk assessed prior to use. The academy will ensure that images are held in accordance with the Data Protection Act and suitable child protection requirements (if necessary) are in place.
- Careful consideration is given before involving very young or vulnerable children when taking photos or recordings, who may be unable to question why or how activities are taking place.
- The academy will discuss the use of images with children and young people in an age appropriate way.
- Images will not be taken of any child or young person against their wishes. A child or young person's right not to be photographed is to be respected.
- Photography is not permitted in sensitive areas such as changing room, toilets, swimming areas etc.
- Photographs will be disposed of should they no longer be required. They will be returned to the parent or carer, deleted and wiped or shredded as appropriate. Copies will not be taken of any images without relevant authority and consent from the Data Controller and/or DSL and the parent/carer.

- The use of non-academy provided devices e.g. mobile phones, children's own digital cameras, is covered in the academy Behaviour Policy.
- All staff will be made aware of the acceptable use of rules regarding children's use of cameras and will ensure that children are appropriately supervised when taking images for official or curriculum use.

5. Use of Professional Photographers

- Professional photographers who are engaged to record any events will be prepared to work according to the terms of the academy's E-Safety Policy.
