

Message from the Principal

**GEORGE
SALTER
ACADEMY**

George Salter Academy has long had a clear focus on improving the life opportunities for all its pupils through high quality education.

Here at George Salter Academy staff care deeply for all pupils and our primary care is for their safety and well-being.

The pupils are the focus of all our efforts. We value each child equally and will strive to enable pupils to achieve their full potential academically, whilst we also continue to develop the "whole person".

During my time at GSA I will work closely with parents and carers, staff and pupils to ensure we deliver the high standards expected of us.

George Salter Academy is a remarkable academy and it is a privilege to be a part of its journey to excellence. I am committed to ensuring all pupils receive the first class education they deserve.

Mr Pank Patel
Principal
